RESSA

A modern office interior featuring glass partitions and wood slat walls. The space includes a conference room with a long table and chairs, and a storage area with white shelving. The ceiling has a grid pattern, and the floor is made of light wood. An orange rectangular box with the word "RESSA" in white capital letters is centered in the image.

RESSA

SOBRE NÓS

A RESSA, com sede em Lisboa é uma empresa formada desde 2017, constituída por técnicos com experiência internacional, ligados a grupos de empresas com as suas atividades principais nas áreas de Engenharia e Indústria da Construção Civil.

Atuamos no sector da Engenharia e Construção, aliando a competência e Know-how da nossa equipa de engenheiros, técnicos e encarregados nas áreas da Construção Civil e Infraestruturas, em modelos de contratos de empreitada no sector das Obras Públicas e Privadas.

Fazendo uso dos processos e métodos mais adequados quer na fase de projetos, quer na fase de execução, procuramos encontrar as formas mais eficientes de trabalho, com equilíbrio entre o que o cliente valoriza e o seu objetivo económico.

Baseamo-nos em princípios tradicionais e primamos por estabelecer contratos e acordos com base na CONFIANÇA, no VALOR e na QUALIDADE.

ABOUT US

RESSA, based in Lisbon is a company formed since 2017, consisting of technicians with international experience, linked to groups of companies with their main activities in the areas of Engineering and Civil Construction Industry.

We operate in the Engineering and Construction sector, combining the competence and know-how of our team of engineers, technicians and foremen in the areas of Civil Construction and Infrastructures, in contracting models in the Public and Private Works sector.

Making use of the most appropriate processes and methods both in the design and execution phases, we seek to find the most efficient ways of working, with a balance between what the client values and its economic objective.

We base ourselves on traditional principles and strive to establish contracts and agreements based on TRUST, VALUE and QUALITY.

A PROPOS DE NOUS

RESSA, basée à Lisbonne, est une société formée depuis 2017, composée de techniciens avec une expérience internationale, liée à des groupes d'entreprises avec leurs activités principales dans les domaines de l'ingénierie et de l'industrie de la construction civile.

Nous opérons dans le secteur de l'ingénierie et de la construction, en combinant la compétence et le savoir-faire de notre équipe d'ingénieurs, de techniciens et de contremaîtres dans les domaines de la construction civile et des infrastructures,

dans des modèles de contrats dans le secteur des travaux publics et privés. En utilisant les processus et les méthodes les plus appropriés, soit dans la phase de Conception soit dans la phase d'exécution, nous cherchons à trouver les méthodes de travail les plus efficaces, avec un équilibre entre ce que le client apprécie et son objectif économique.

Nous nous basons sur des principes traditionnels et nous nous efforçons d'établir des contrats et des accords basés sur la CONFIANCE, la VALEUR et la QUALITÉ.
